14) On 9th June 1962, I visited Jajoor Plantation Arasikere Taluk in the company of the Conservator of Forests, Shimoga Division. I inspected S.No.36 of Kallanaikanahalli village (Jajoor plantation) wherein the Harijans have prayed for grant of forest land at the rate of five acres each. The entire area of the Jajoor plantation is about 280 acres. I saw a small portion of the forest area has been brought under cultivation. About 16 harijan families have put up their huts and it is these people that have been unauthorisedly cultivating the land. On charges of unauthorised cultivation, these persons were convicted by the orders of the court, and attempts were

were made by the forest authorities to evict them but were proved abhortive. +They are still squating on the land with their huts but have stopped cultivation. Consequently, their living has been affected and are virtually stranded without any ostensible means of living. It is learnt that these persons originally belonged to Hiriyur town and finding that there were no prospects of earning their living, they left Hiriyur town for good and settled down in this place and took up cultivation boldly and unauthorisedly. Survey Number 36 is a barren land is replete with shrub jungle where no valuable trees are either growing or standing. The petitioners who are all harijans are very much struggling to eke out their livilihood. They have already suffered a good deal without any means of sustenance, in Hiriyur and they should not be made to suffer in this place also by imposing all sorts of restrictions and placing obstacles in the way of their living. They seem to have already spent some amount on this land towards removing the shrub jungle and reclamation. If any eviction proceedings are taken against these people, their plight will be further accentuated and their position will be reduced to nullity. In order that they should not be subjected to further worries and miseries by any coercive steps, I am inclined to release only 50 acres of land in S.No.36, to which the Conservator of Forests who was with me, agreed, and this extent may be equitably distributed among the 16 harijan families. Orders may issue.

MYSORE GOVERNMENT SECRETARIAT NO. 35 2 JAN FOREST BRANCH

BANGALORE.

C.C.F
For a report early

Honoured Sir,

Petitioner:- Sanna Kallaiah, and other Harijans, residing in Jajoor Plantation, Kasaba Hobli, Arsikere Taluk.

.....

SUB:- Prayer for grant of 5 acres of land to each of the Harijan Families in S.No.36 of Kallanaikanahalli village, (called Jajoor Plantation).

We, the petitioners 22 Harijan families residing in so called Jajoor Plantation referred to above, beg to bring your kind permission to state that we have been struggling hard for the past 8 to 10 years for the grant of lands in the said Survey Number. Records are built up on the revenue side in our favour. The District Depressed Class Special Officer visited the spot and recommended the grant of said land to us as the lands in question are not useful to the Forest Department.

The District Forest Officer, Hassan, was also pleased to recommend for the grant of said land for cultivation as the same is not useful to the Forest Department.

Upon this, the Chief Conservator of Forests in Mysore, Bangalore was also kind enough to return the record to the District Forest Officer, Hassan in his memo No.B3-33609/59 dated 10-6-60 with instructions to prepare the sketch of 20 acres showing therein the lands in which we are actually living after building sheds and the vacant land separately for grant the same to

Harijans residing there. Copy is enclosed

In accordance with the above instructions, the District Forest Officer, Hassan submitted the record to the Chief Conservator of Forests in Mysore, Bangalore in his Report No.Dar.31 get.176/60-61 dated 13-7-1960 proposing to grant the land under high power transmission line on a temporary measure at Rs.1-50 per acre subject to the condition that they should not construct permanent structure etc. pending finalisation of the case., the copy of the report is enclosed herein for kind reference. But, we beg your kind parmission to bring to your kind notice that no orders have been passed yet. On the other hand they have taken fancy to evict us from the place itself.

We beg to state that we have built sheds and also dug a well for drinking water ~~purposes~~ adjacent to Bangalore - Honnavara Road and it is not known whether it is a forest land. The lands prayed for are under high power electric lines and are in no way useful to the forest department as per opinion furnished by the District Forest Officer.

Hence, we pray to grant the proposed lands to us for cultivation.

Pending kind orders in this behalf the local authorities may kindly be instructed not to evict us from the place by harrassment.

For which act of your kindness and sympathy we shall remain ever grateful.

BANGALORE,

Ref:- Your letter No. AFD 518 FGL 59 dt. 1st Aug. 60 and Memo No. AFD 5489/61 dated 20th June 1961.

As ordered by Government in their letter dated 1st August, 1960, action has been taken to evict the applicants from the area encroached by them in Jajoor Plantation. As regards the grant of alternate forest area to the applicants, the Conservator of Forests, Shimoga Circle, Shimoga reports that it will be a bad precedent if lands are given to encroachers of Government land who have defied law. Moreover, if lands under transmission lines are to be granted, it would be impossible later on to control the encroachments on either side of the transmission line. In the circumstances he is not in favour of granting any forest areas to the applicants. I agree with the Conservator of Forests and recommend rejection of the application. However, it is reported that lands out of Amrithmahal kavals have been released in Arsikere Taluk. The applicants may approach the Revenue Department for allotment of lands out of these areas.

The application received with your memo No. dated 20th June 1961 is returned herewith.

G.O.NO.AFD 35 FOL 62, BANGALORE, DATED, 31 JUL 1962

Read:-

1. Representation dated the 23rd November 1961 of Sanna Kallaian and others of Jajoor plantation, Arsikere Taluk.

2. Letter No.B3-38609/62, dated the 2nd February 1963 from the Chief Conservator of Forests in Mysore, Bangalore.

ORDER

The applicants referred to at (1) above have requested for grant of 5 acres of land to each Harijan family residing in Jajoor plantation, Arsikere Taluk out of S.No.36 of Jajoor plantation.

2. The Chief Conservator of Forests vide reference (2) above has recommended that the request of the applicants may be rejected.

3. It was brought to the notice of Government, that about 16 Harijan families have put up their huts and have cultivated lands unauthorisedly in S.No.36 of the said village. Even though they were convicted for unauthorised cultivation, the Harijans are still in possession of the land having their huts in the same. But they have stopped cultivation. Consequently, their living has been affected and they are virtually stranded without any ostensible means of livelihood. It was also noticed that S.No.36 is replete with shrub jungle where no valuable trees are either growing or standing. It was also reported that the Harijans have spent considerable amount on this land towards removing the shrub jungle and reclamation.

4. After considering all these aspects of the case and in view of the difficulties experienced by the Harijans, Government are pleased to order the release of an area of 50 acres out of S.No.36 of Kallanaikanahalli village (called Jajoor Plantation) Arsikere Taluk and the area is surrendered to Revenue Department for being given to 16 Harijan families of Jajoor plantation, Kasaba Hobli, Arsikere Taluk, with the usual terms and conditions as are in vogue in the Revenue Department. However, before the area is actually surrendered to Revenue Department, the Halki, if any, should be disposed of by the Forest Department.
